22 Article – Local Government

23 Section 22–101 through 22–113 to be under the new title “Title 22. Resilience
 24 Infrastructure”

25 Annotated Code of Maryland

26 (2013 Volume and 2019 Supplement)

27 Preamble

28 WHEREAS, The impacts from climate change are happening now in communities
 29 across the State of Maryland; and

30 WHEREAS, These impacts include rising temperatures, major rain and storm
 31 events, sea level rise, and changes in precipitation patterns; and

32 WHEREAS, Those things that Maryland communities depend upon and
 33 value – natural resources and ecosystems, energy, transportation, agriculture, cultural and
 34 historic resources, human health, and economic growth – are experiencing, and will
 35 continue to experience, the effects of climate changes; and

36 WHEREAS, Communities in coastal states account for nearly half of the nation’s
 37 population and economic activity, and that cumulative damage to property in those areas
 38 could reach \$3.5 trillion by 2060; and

39 WHEREAS, Local governments will bear much of the responsibility and cost
 40 required to mitigate the impacts of climate change through infrastructure investment; and

1 WHEREAS, Resilience financing authorities can work in partnership with local
2 governments to accelerate infrastructure financing, reduce the cost of implementation, and
3 mitigate and manage the risks of climate change; now, therefore,
