28. Comments: (Limit Length to Visible area)

The Get Involved Project came into the development, when a visitor came into our center and saw the great works we were doing. It was noted at that moment, if we are servicing these amount of persons on a shoestring budget, a Bon Bill should be launched to support our efforts in order to expand this program, in this underserved community. We have skilled and degreed persons willing to give of their time to make sure the best measures of community involvement is the extent to which they create social values by implementing social change.
