10. Description and Purpose of Organization (Limit length to visible area)				
<p>The Damascus High School Athletic Boosters is a non-profit organization of parents and community members who work to raise funds and support the athletic programs at Damascus High School. The Booster organization is made up of all parent/community volunteers. They work alongside the school administration to determine what the school needs and find ways to support those needs. Many times, the needs are financial, which include providing funds for field maintenance or new team uniforms. Other times, the needs are for volunteer support, such as finding parent volunteers to sell concessions during athletic events.</p>				

11. Description and Purpose of Project (Limit length to visible area)

The stadium field at Damascus High School is currently a grass field. The field gets a great deal of use by both the sport teams at the high school and the community athletic organizations. As a result of the condition of the field and the use, the field is often in a muddy or torn up state. Installation of a turf field would improve playing conditions for the school and community teams. This would allow students to play on a safer field and allow for additional usage of the field. The Athletic Booster organization is working to raise funds to provide for the design, construction, maintenance and capital equipping of a turf field in the stadium at Damascus High School.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.
