25 Preamble

EXPLANATION: CAPITALS INDICATE MATTER ADDED TO EXISTING LAW.

[Brackets] indicate matter deleted from existing law.

1 WHEREAS, Small businesses are the primary employers in Maryland's economy,
2 accounting for 97.5% of all employers and 51.6% of the private-sector labor force, according
3 to the Office of Advocacy within the federal Small Business Administration; and

4 WHEREAS, Under current law, large multistate corporations are permitted to
5 transfer their Maryland profits back to their home state and avoid paying Maryland taxes
6 – taxes that Maryland's small business owners are required to pay; and

7 WHEREAS, As noted by the Department of Legislative Services in a 2015
8 presentation to the Maryland Economic Development and Business Climate Commission,
9 this taxation method creates a "competitive disadvantage for local businesses, which are
10 unable to use cross-border tax planning techniques to avoid the tax"; and

11 WHEREAS, Maryland "cannot reasonably ask individual taxpayers and small
12 businesses to pay higher personal income and sales tax while allowing large corporations
13 to escape paying their fair share", as stated by the Center for Budget and Policy Priorities;
14 and

15 WHEREAS, At least 25 states and the District of Columbia have a corporate income
16 tax method that requires the income of all members of a multistate corporation to be
17 included in the computation of the state's income tax; and

18 WHEREAS, According to the Department of Legislative Services, if this method was
19 applied to multistate retail trade and food service corporations operating in Maryland, it
20 would generate approximately \$50 million each year in new revenue for the State and
21 beneficially impact or have no impact on 60% of Maryland businesses; and

22 WHEREAS, According to a 2016 study commissioned by the Maryland Association
23 of Community Colleges, for every \$1 the State invests in community colleges, the State
24 cumulatively receives \$3.70; and

25 WHEREAS, This 370% return on investment is due to increased earnings and taxes
26 from students, who see an income increase of \$2.60 for each \$1 invested in their education,
27 and from a reduction in public expenditures on health care, public safety, social services,
28 and unemployment; and

29 WHEREAS, A 2006 study by the Washington State Workforce Training and
30 Education Coordinating Board found that for each \$1 spent on training, \$7 was generated
31 in federal, state, and payroll taxes; and

32 WHEREAS, Creating a fair corporate tax environment expands Maryland's
33 economic base, raises prosperity across the State, provides additional revenue to strengthen
34 the State's budget solvency, and allows for the reinvestment into our current and future
35 workers through tuition assistance for vocational training, apprenticeships, and associate
36 degrees; now, therefore,
