10. Description and Purpose of Organization (Limit length to visible area)				
Gamber & Community Fire Company is a non-profit fire and emergency services organization. We provide emergency care to our community. Fund raising is very important to offset our county allotment. We strive to provide the best in emergency care and services, as well as a safe environment for our customers.				

**11. Description and Purpose of Project (Limit length to visible area)**

Our electric on our carnival grounds is very old, we would like to replace it with up to date electrical material and also place it underground. Two years ago we had a cable break and fell, which thank goodness it as at the end of the evening so there were no injuries. Placing it underground will provide a safety net. We would also be upgrading to the current electrical codes.

*Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.*

---------------------	--

This is our Carnival Grounds, our carnival is our biggest source of fundraising income. We really have no idea as to the amount of people which attend our carnival. If we had to guess we would say between 2000 and 3000 people a night. We operate 8 nights a week for our annual carnival, plus we have dog shows, flea markets, food truck nights and some of our community sport league use our grounds for practices. along with our local boy scout troop. We also have family reunions, and some local church groups. We feel this is a much needed job to take on, the electric has been there since 1985 with no upgrades to the electrical systems. All funds will be used for materials and our volunteers will be doing all the work along with a licensed electrician. We appreciate your consideration, and thank you for your time.
