31 Preamble

32 WHEREAS, In 1938, 184 rural residents joined together under the Rural
33 Electrification Act to form Choptank Electric Cooperative, an electric cooperative that
34 would bring electricity to their homes and farms because for–profit electric companies
35 would not; and

36 WHEREAS, Today, Choptank Electric Cooperative delivers reliable and
37 cost–effective electricity that improves the quality of life to 54,150 members in nine
38 counties on Maryland’s Eastern Shore; and

1 WHEREAS, Choptank Electric Cooperative is owned by its members, not
2 shareholders; and

3 WHEREAS, Choptank Electric Cooperative owns 650 miles of existing middle-mile
4 communications fiber; and

5 WHEREAS, Choptank Electric Cooperative is governed by a board of directors who
6 are members of the cooperative and are democratically elected by their fellow members;
7 and

8 WHEREAS, Choptank Electric Cooperative members want to bring high-speed fiber
9 Internet service to their homes, farms, and rural businesses to attain the standard of
10 connectivity with the world that is enjoyed by their neighbors in Maryland's more urban
11 areas; and

12 WHEREAS, Despite numerous studies and significant financial investment, the
13 delivery of universal broadband Internet service to the rural residents on Maryland's
14 Eastern Shore has still not occurred; and

15 WHEREAS, Current statutory and regulatory restrictions prevent the members of
16 Choptank Electric Cooperative from using their economies-of-scale to deliver broadband
17 Internet service quickly and efficiently to their homes; and

18 WHEREAS, The Rural Broadband for the Eastern Shore Act of 2020 will empower
19 the members of Choptank Electric Cooperative to regulate themselves and provide
20 economically efficient broadband Internet service; now, therefore,
