28. Comments

The Get Involved Project came into development, when a visitor came into the center and saw the great work we were doing. It was noted at this moment, if we are serving these amount of persons on a shoestring budget, a Bond Bill should be introduced to support our effort in order to expand this program in this undeserved community. We have skilled and degree person ready and willing to give of their time to make sure the best measure of community involvement is the extent to which the create social values by implementing social change.
