Article III, § 35 of the Maryland Constitution prohibits the salary or compensation of any public officer from being increased or diminished during the individual's term of office, except those whose full term is fixed by law in excess of four years. According to a letter from the Counsel to the General Assembly, dated January 17, 1978, salary increases that are to be implemented over a period of time are permissible if implemented before the beginning of the term.

Local Fiscal Effect: Harford expenditures increase by \$14,370 in fiscal 2023 and by approximately \$25,000 annually thereafter. Pursuant to constitutional requirements, the salary is not altered until the next term of office. The estimate accounts for the increase taking effect the first week in December 2022, includes fringe benefits, uses current CPI projections, and is based on the current salary for a lieutenant colonel of DSP at Step 18 (\$165,596).
