Preamble

WHEREAS, § 1332 of the federal Patient Protection and Affordable Care Act (ACA) allows states to request waivers of key provisions of health care reform, including the requirement to set up a health benefit exchange and provisions relating to premium credits and reduced cost sharing; and

WHEREAS, Under § 1332 of the ACA, a waiver for state innovation may be granted if it covers at least as many people as would be covered under the ACA and provides coverage that is at least as comprehensive and affordable, at no greater cost to the federal government; and

WHEREAS, If an approved waiver does not provide individuals or small businesses with premium tax credits or cost-sharing reductions, a state may receive the federal funding it would have received for these purposes to help implement its approved plan; and

WHEREAS, Maryland should seek to establish a health care program to contain costs and to provide comprehensive, affordable, and high-quality publicly financed health care coverage for all Maryland residents in a seamless manner regardless of income, assets, health status, or availability of other health care coverage; now, therefore,
