2021 Bond Initiative Fact Sheet

1. Name Of Project		
Hampstead Volunteer Fire Company Security System		
2. Senate Sponsor	3. House Sponsor	
Ready	Shoemaker	
4. Jurisdiction (County or Baltimore City)	5. Requested Amount	
Carroll County	\$175,000	
6. Purpose of Bond Initiative		
the acquisition, planning, design, construction, repair, renovation, reconstruction, site improvement, and capital equipping of the installation of security alerting and camera system		
7. Matching Fund		
Requirements:	Type:	
Grant		
8. Special Provisions		
<input type="checkbox"/> Historical Easement		<input checked="" type="checkbox"/> Non-Sectarian
9. Contact Name and Title	Contact Ph#	Email Address
Delegate Shoemaker		haven.shoemaker@house.state.md.us
Senator Ready		
James Dwyer		president@hampsteadvfd.org
10. Description and Purpose of Organization (Limit length to visible area)		
<p>The Hampstead Volunteer Fire Company (HVFD), is a 501 C3 organization which has been the first line of emergency services (Fire, Rescue and EMS) for the Town of Hampstead and the surrounding communities of Carroll and Baltimore counties since 1900. The HVFD is comprised of ~ 100 volunteers and 20 paid personnel (combined full time and part-time), which operates out of single station on main street in Hampstead, MD. The station provides services with two paramedic equipped ambulances, one 100' Ladder Truck, two Pumper Engines, two Utility Vehicles, one Brush Unit and one Duty Vehicle. The HVFD is a central component of the community providing fire safety, training, and meeting facilities, social, and fund raising functions. The fire station is designated as a safe zone during emergencies. The LBI will provide alerting, video and security for facilities.</p>		

11. Description and Purpose of Project (Limit length to visible area)

The HVFD is replacing the current station with a new primary operations center for emergency services. This building will house all emergency vehicles, and contain offices, bunk rooms, training rooms, kitchen, and necessary storage and cleaning capabilities to keep equipment and turnout gear ready for service. The overall cost of the building project is \$ 5.8 million. The LBI request of \$ 175,000 is for an integrated alerting, security access, video monitoring system. The system includes: Integrated feed from Carroll 911 system, physical access controls to and within building, provides Dynamically generated map incident data on the LCD monitors placing a marker at the incident location. The map display Doppler Radar weather map, 24hr incident history, Hospital status, Equipment status, Upcoming events, Road Closures, Duty Schedules, and State Emergency Management Information

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

12. Estimated Capital Costs

Acquisition	\$0
Design	\$10,000
Construction	\$35,000
Equipment	\$130,000
Total	\$175,000

13. Proposed Funding Sources - (List all funding sources and amounts.)

LBI Grant	\$175,000
Loans (county and/or Financial Institutions)	\$5,600,000
Researching (Federal, State, Local) grants	
Total	\$5,775,000

14. Project Schedule (Enter a date or one of the following in each box. N/A, TBD or Complete)			
Begin Design	Complete Design	Begin Construction	Complete Construction
6/1/2021	8/31/2021	9/1/2021	11/30/2021
15. Total Private Funds and Pledges Raised	16. Current Number of People Served Annually at Project Site	17. Number of People to be Served Annually After the Project is Complete	
0.00	120 employees and 15,000	120 employees and 15,000	
18. Other State Capital Grants to Recipients in the Past 15 Years			
Legislative Session	Amount	Purpose	
	\$0	Non applied for	
19. Legal Name and Address of Grantee		Project Address (If Different)	
Hampstead Volunteer Fire Engine and Hose Company Number 1 1341 North Main Street Hampstead, MD 21074			
20. Legislative District in Which Project is Located	5 - Carroll County		
21. Legal Status of Grantee (Please Check One)			
Local Govt.	For Profit	Non Profit	Federal
[]	[]	[X]	[]
22. Grantee Legal Representative		23. If Match Includes Real Property:	
Name:	James Dwyer - President	Has An Appraisal Been Done?	Yes/No
Phone:	410 299 7239		
Address:		If Yes, List Appraisal Dates and Value	
1341 North Main Street P.O. Box 231 Hampstead, MD 21074			

24. Impact of Project on Staffing and Operating Cost at Project Site			
Current # of Employees	Projected # of Employees	Current Operating Budget	Projected Operating Budget
120	120	2000.00	5000.00
25. Ownership of Property (Info Requested by Treasurer's Office for bond purposes)			
A. Will the grantee own or lease (pick one) the property to be improved?			Own
B. If owned, does the grantee plan to sell within 15 years?			No
C. Does the grantee intend to lease any portion of the property to others?			No
D. If property is owned by grantee any space is to be leased, provide the following:			
Lessee	Terms of Lease	Cost Covered by Lease	Square Footage Leased
E. If property is leased by grantee - Provide the following:			
Name of Leaser	Length of Lease	Options to Renew	
26. Building Square Footage:			
Current Space GSF	12,210		
Space to be Renovated GSF			
New GSF	17,600		

27. Year of Construction of Any Structures Proposed for Renovation, Restoration or Conversion

current building to be replaced is 1974

28. Comments

In any emergency or life threatening situation, time is a critical issue. Time to identify which emergency equipment is responsible, are they available, what is the location of the emergency, what is the best route of travel, are there other issues on the normal route of travel (road closures, flooding), etc. The alerting system defined in this request is directly integrated with the Carroll County 911 system and provides the fastest possible notification of the call. It also identifies resources in the station, weather alerts, other units responding, other major incidents in the County which may impact the availability of resources. Updates from the State Emergency Management System are displayed, along with Doppler Radar. The access control system included in this solution ensures access to the facility, and all secure locations in the building (storage rooms, medical supplies, etc) with direct accountability and tracking of people. The security cameras and monitoring equipment ensures full coverage of the building perimeter, access points and secure locations with active monitoring and recorded images. The system is easily updated to ensure compatibility with any changes associated with the 911 system.
