(c) The Secretary of Health shall designate the chair of the Commission.

(d) The State agencies represented on the Commission jointly shall provide staff for the Commission.

(e) A member of the Commission or a member of an advisory committee or a stakeholder workgroup established under subsection (g) of this section:

(1) may not receive compensation as a member of the Commission, an advisory committee, or a stakeholder workgroup; but

(2) is entitled to reimbursement for expenses under the Standard State Travel Regulations, as provided in the State budget.

(f) (1) The Commission ~~may~~ shall establish advisory committees or stakeholder workgroups to assist the Commission in carrying out its duties.

(2) An advisory committee or a workgroup established under paragraph (1) of this subsection ~~may~~ shall include an individual who is:

- (i) 1. a member of a health care industry stakeholder group;
- 2. a health care workforce representative; or
- 3. a representative of a community college; and

(ii) not a member of the Commission.

(g) The Commission shall:

(1) determine the extent of the health care workforce shortage in the State, including the extent of shortages in:

(i) different settings including in-home care, hospitals, private practice, nursing homes and other long-term care settings, primary and secondary schools, community health centers, community-based behavioral health treatment programs, and hospice care;

(ii) different regions of the State;

(iii) care provided in different languages spoken in the State;

(iv) environmental services in hospitals and nursing homes; and

(v) different levels of care for health occupations including entry level direct care positions, direct support professionals, professional extenders, primary care providers, and specialists;

(2) examine turnover rates and average length of tenure for the shortages identified in item (1) of this subsection and identify strategies to reduce turnover in the professions that are experiencing shortages, including wage increases and opportunities for career advancement;

(3) examine short-term solutions to address immediate needs for the shortages identified in item (1) of this subsection while ensuring the safety of Maryland patients by:

(i) determining which health occupations boards have backlogs of applicants for licensure and certification;

(ii) determining whether expediting or streamlining the licensing or certification process for specific health occupations is a viable option;

(iii) determining whether implementing additional temporary licensure or certification for specific health occupations is a viable option; and

(iv) determining whether the State has adequate State educational institutions and training programs, including by:

1. examining the capacity of State educational institutions to meet the demand for health occupations, including alternative degree models, access, cost, eligibility, length of time necessary to complete a program, and barriers posed by clinical requirements;

2. examining the cost of training programs, how the programs are paid for, and the role the State has or could have in paying for the programs, including the role the Maryland Department of Labor has in the process and whether it would be feasible to reimburse employees for training costs if they maintain employment in a profession for a certain number of years; and

3. comparing training programs for the direct health care workforce in nursing compared to programs in traditionally male industries;

(4) examine future health care workforce needs as populations age including by region and spoken language;

(5) examine what changes are needed to enhance incentives for individuals to enter and stay in the health care workforce in the State, including changes to high school curricula, mid-career transition programs, State tax incentives, grant programs, enhanced benefits, tuition subsidies, and potential rate increases;

(6) examine ways to facilitate career advancement and retention by identifying and elevating career ladders and programs for on-the-job advancement, particularly for low-wage employees;

(7) examine the special needs of the rural health care system in the State and methods for recruiting and retaining workers in rural areas;

(8) examine the impact reimbursement has on workforce shortages, including in industries that are heavily reliant on Medicaid reimbursement; ~~and~~

(9) examine the relationship between the health occupations boards and the Maryland Department of Health and determine:

(i) what authority the Secretary should have over the boards; and

(ii) what additional support the Department could provide the boards to assist with workloads, overhead, staffing, technology improvement, and other areas identified by the Commission;

(10) in consultation with the Department of Veterans Affairs, examine methods for:

(i) improving the transition of active duty and retired military to the civilian health care workforce; and

(ii) establishing pathways for active duty and retired military personnel to enter the civilian health care workforce as recommended by the Maryland Department of Veterans Affairs Final Report submitted in accordance with Chapters 511 and 512 of the Acts of 2010; and

(11) examine barriers confronting foreign-born health professionals and identify career and licensure pathways for refugees and immigrants with education, training, and experience from other nations.

(h) (1) On or before ~~December 31 each year~~ December 31, 2022, the Commission shall submit ~~a~~ an interim report of its findings and recommendations to the Senate Education, Health, and Environmental Affairs Committee and the House Health and Government Operations Committee in accordance with § 2-1257 of the State Government Article.

(2) On or before December 31, 2023, the Commission shall submit a final report of its findings and recommendations to the Senate Education, Health, and Environmental Affairs Committee and the House Health and Government Operations Committee in accordance with § 2-1257 of the State Government Article.

SECTION 2. AND BE IT FURTHER ENACTED, That this Act ~~shall take effect July 1, 2022. It shall remain effective for a period of 2 years and, at the end of June 30, 2024 is an emergency measure, is necessary for the immediate preservation of the public health or safety, has been passed by a yea or nay vote supported by three-fifths of all the members elected to each of the two Houses of the General Assembly, and shall take effect from the date it is enacted. It shall remain effective through December 31, 2023, and, at the end of~~ December 31, 2023, this Act, with no further action required by the General Assembly, shall be abrogated and of no further force and effect.

**Enacted under Article II, § 17(c) of the Maryland Constitution, May 29, 2022.**
