5 (d) [Beginning on October 1, 2014, the] **THE** Department shall publish annually
6 a notice in a newspaper of general circulation to inform the public of:

7 (1) The types of public notices required under this title that are available
8 on the Department's [Web site] **WEBSITE**; and

9 (2) A phone number or electronic mail address at the Department that a
10 person can contact to arrange for the receipt of future public notices required under this
11 title by first-class mail or electronic mail.

12 (e) After the public hearing, the Department may adopt the rule or regulation
13 with or without modification.

14 2-404.

15 (a) This section applies to the following activities:

16 (1) Construction of a new source;

17 (2) Replacement of components of an existing permitted source, if the fixed
18 capital cost of the replacement components exceeds one-half of the fixed capital cost that
19 would be required to construct a new source comparable in process to the existing source;
20 and

21 (3) Modification of an existing permitted source by making a physical or
22 operational change to the source that will result in a significant net increase in emissions
23 of any pollutant from that source.

24 (b) (1) Before accepting an application for a permit subject to subsection (c) of
25 this section, the Department shall require the applicant to submit documentation:

26 (i) That demonstrates that the proposal has been approved by the
27 local jurisdiction for all zoning and land use requirements; or

28 (ii) That the source meets all applicable zoning and land use
29 requirements.

30 (2) Paragraph (1) of this subsection does not apply to any application for a
31 permit to construct at an existing source unless the existing source is a nonconforming use.

1 (c) The Department shall comply with the provisions in subsection (d) of this
2 section before issuing a permit for the activities listed in subsection (a) of this section at:

3 (1) Any source which is required to obtain a permit to operate under
4 regulations adopted under this subtitle;

5 (2) Any source which is subject to federal standards under 40 C.F.R. Part
6 61 (National Emission Standards for Hazardous Air Pollutants) or 40 C.F.R. 52.21
7 (Prevention of Significant Deterioration); or

8 (3) Any source that will, after control, discharge 25 tons or more per year
9 of a pollutant regulated under this title in the areas of Baltimore City designated by the
10 United States Post Office as zip code numbers 21225, 21226, and 21230.

11 (d) (1) On receipt of an application for a permit subject to subsection (c) of this
12 section, the Department shall give notice immediately or require the applicant to give
13 notice immediately of the application [by certified mail] to:

14 (i) The governing body of each county or municipal corporation in
15 which any portion of the source is located or is proposed to be located;

16 (ii) The governing body of each county or municipal corporation
17 within one mile of the property line of the source or the proposed location of the source;

18 (iii) Each member of the General Assembly representing any part of
19 a county in which any portion of the source is located or proposed to be located; and

20 (iv) Each member of the General Assembly representing any part of
21 each county within one mile of the property line of the source or the proposed location of
22 the source.

23 (2) In addition to the requirements under paragraph (1) of this subsection,
24 before issuing a permit subject to subsection (c) of this section, the Department shall:

25 (i) Comply with the provisions of Title 1, Subtitle 6 of this article;
26 and

27 (ii) Conduct any public hearing required by Title 1, Subtitle 6 of this
28 article [in the county in which the proposed source is located].

29 (3) In addition to the requirements under paragraphs (1) and (2) of this
30 subsection, before issuing a permit to construct a source described in subsection (c)(3) of
31 this section, the Department shall require at the expense of the applicant the preparation
32 of an ambient air quality impact analysis regarding the proposed construction.

1 (e) Before issuing a permit for the activities listed in subsection (a) of this section
2 at any source which is subject to federal standards under 40 C.F.R. Part 60 (New Source
3 Performance Standards), the Department shall:

4 (1) Comply with the provisions of subsection (d) of this section; or

5 (2) (i) Electronically post a notice of an application for the permit on
6 the Department's [Web site] WEBSITE in accordance with § 1-602(b)(1) of this article;

7 (ii) Give notice to the chief executive of any county or municipal
8 corporation in which any portion of the source is located or is proposed to be located; and

9 (iii) Receive comments from the public on the permit application.

10 (f) The provisions of this section do not apply to any permit to construct control
11 equipment on an existing source or to any permit to operate.

12 5-204.

13 (a) (1) It is the intent of the General Assembly to establish consolidated
14 procedures and notice and hearing requirements for Subtitles 5 and 9 of this title and Titles
15 14, 15, and 16 of this article in order to ensure efficient review and consistent decision
16 making.

17 (2) Notwithstanding any provision of the State Government Article, public
18 notice on pending applications provided in accordance with the provisions of this section
19 shall be the only notice required by law.

20 (c) (1) The Department shall hold a public informational hearing if it receives
21 a timely written request in accordance with the [following] provisions[:]
22 **SUBSECTION.**

23 [(1)] (2) The request shall be received prior to the close of the public
24 comment period.

25 [(2)] (3) A public informational hearing shall be held within 45 calendar
26 days of the close of the public comment period.

27 [(3)] (4) The Department shall specify the date, time, and location of the
28 public **INFORMATIONAL** hearing.

29 (5) **THE PUBLIC INFORMATIONAL HEARING MAY BE HELD USING**
30 **TELECONFERENCE OR INTERNET-BASED CONFERENCING TECHNOLOGY.**

1 ~~[(4)] (6)~~ The Department shall mail notice of the date, time, and location
 2 of any public informational hearing on an application to those persons on the interested
 3 persons list no later than 14 calendar days prior to the hearing.

4 ~~[(5)] (7)~~ The Department may extend the official record of a public
 5 informational hearing.

6 ~~(8) THE APPLICANT SHALL BEAR THE COST OF A PUBLIC~~
 7 ~~INFORMATIONAL HEARING HELD USING TELECONFERENCE OR INTERNET-BASED~~

 22 located.

23 9-204.2.

24 (a) In addition to the requirements of § 9-204 of this subtitle and Title 1, Subtitle
 25 6 of this article, an applicant for a permit to install, materially alter, or materially extend
 26 a landfill system shall give notice of the application by certified mail to:

27 (1) The owners of all real property adjoining the site where the proposed
 28 project is located;

29 (2) The chairman of the legislative body and any elected executive of the
 30 county where the proposed project site is located;

1 (3) The elected executive of any municipal corporation where the proposed
2 project site is located; and

3 (4) Any other county within 1 mile of where the proposed project site is
4 located.

5 (b) Any informational meeting required by § 1–603 of this article shall be held [in
6 the county where the proposed facility is to be located] **IN ACCORDANCE WITH TITLE 1,**
7 **SUBTITLE 6 OF THIS ARTICLE.**

8 9–234.

9 (a) When the Department receives an application for a permit to utilize sewage
10 sludge at a site, the Department immediately shall mail a copy of the permit application:

11 (1) To the legislative body and any elected executive of a county and to the
12 elected executive of any municipal corporation where the sewage sludge utilization site is
13 to be located; and

14 (2) To the legislative body and any elected executive of any other county
15 within 1 mile of the sewage sludge utilization site.

16 (b) For a permit to apply sewage sludge on marginal land or to construct a
17 permanent facility that is designed primarily to utilize sewage sludge, the Department
18 shall:

19 (1) Publish notice of the application in a local newspaper having a
20 substantial circulation in the county where the sewage sludge is to be applied or the facility
21 is to be constructed;

22 (2) Mail a copy of the notice to:
