11. Description and Purpose of Project (Limit length to visible area)

Based on the aging population of those in our services we have identified the need to increase the accessibility of 14 of our homes for people with disabilities. Several accessibility and mobility barriers have been identified and will be addressed through this project. We propose to renovate multiple bedrooms and bathrooms to make them wheelchair accessible. We will also renovate kitchens to make them accessible for residents with mobility needs. In addition, we will be adding ramps to several homes. 7130 Rutherford Road: Replace old outdated windows in our DDA office and office support on our 49-year-old building for energy efficiency. 7205 Rutherford Road: Upgrade the infrastructure for durability for students at our Youth In Transition School. 2621 Lord Baltimore Drive: Renovate the building to address vocational training for employment services for people with disabilities.
