**28. Comments**

Olney Family Neighborhood Park is a 27-acre park located in Olney, Maryland, and acquired in 1970. Its a long narrow park that serves several neighborhoods and includes three playgrounds, a softball field, a multi-use field, basketball court, volleyball court, trails and a picnic area.

Olney Family Neighborhood Park is 32 years old and needs funding to restore it to the family-friendly park it was in years past. Our current budget does not allow us to make major renovations to parks and playgrounds as quickly as they are needed. With financial assistance from the State, this vital community park will receive renovations several years before traditional funding would be available.

The State supported a Legislative Bond Initiative of \$100,000 in 2020 to help replace one of the playgrounds at the northern end of the park, which will be installed this summer. Legislative Bond Initiative funding would provide additional funding necessary to upgrade the larger, main playground located at the southern end of the park and would also include the installation of accessible pathways from the parking lot to the playground. We appreciate your past support for this park and are requesting funding to continue to improve the popular and well-used playground amenities at Olney Family Neighborhood Park.
