11. Description and Purpose of Project (Limit length to visible area)

As part of the Sharp Road Park Project in Denton Maryland, we would like to install outdoor exercise equipment along the walking trail that surrounds the playing field area. The trail is already located at the park and many people use it for fitness and have requested exercise stations along the trail. We feel this would be a great addition to the park by offering additional ways for people to work on their health regiments and encourage others to begin adding to their healthy exercise routine.
