Analysis

Current Law: In Frederick County, for every 4,000 individuals or major fraction in an election district, the board may not issue more than one license in each of the following classes: (1) Class A (off-sale) beer license; (2) Class A (off-sale) beer and wine license; and (3) Class A (off-sale) beer, wine, and liquor license. The population of each election district is to be determined by the most recent federal census. In an election district in which the number of licenses in a class that were issued as of June 1, 1949, exceeds the license quota, the board may not issue new licenses in that class, unless the number of licenses in that class falls below the quota. The license quota does not apply to the transfer or renewal of a license.
