**Vehicle Towing or Removal - Secured Parties - Electronic Notification**

---

This bill authorizes a person who undertakes the towing or removal of a vehicle from a parking lot to notify any secured party electronically if that form of notice is agreed to by the tower and the secured party in writing or by electronic communication. An agreement made pursuant to the bill's authorization remains in effect until terminated by either party.

**Analysis**

**Current Law:**

*Rights, Duties, and Obligations – Towing or Removing Vehicles from Parking Lots*

Towing and daily storage rates are based on the limits set by the political subdivision for a public safety tow from which the vehicle was towed, or if no limit is established, no more than \$250 for towing and \$30 per day for storage. A tower may also charge the cost of providing notice to specified parties, but the tower must also provide the itemized cost of giving this notice.

In addition, towing services are required to notify police within one hour of the tow and photograph the violation or event that precipitated the violation. The tower must provide specified notice to the owner of the vehicle, as well as any secured party, and the vehicle's insurer, within seven days of the vehicle's removal from a parking lot, not including days that the towing business is closed.

A towing service that tows a vehicle from a parking lot is prohibited from charging for the actual cost of providing the required notice of the tow if the vehicle's owner or agent, insurer, or any secured party retakes possession of the vehicle within 48 hours of the vehicle being received by the storage facility.

The Motor Vehicle Administration must maintain a database of addresses for providing notice to an insurer and make the database available to towers free of charge.
