**Analysis**

**Current Law:**

*Maryland’s Medical Cannabis Program*

The Natalie M. LaPrade Medical Cannabis Commission is responsible for implementation of the State’s medical cannabis program, which is intended to make medical cannabis available to qualifying patients in a safe and effective manner. The program allows for the

licensure of growers, processors, and dispensaries and the registration of their agents, as well as registration of independent testing laboratories and their agents. There is a framework to certify health care providers (including physicians, physician assistants, dentists, podiatrists, nurse practitioners, and nurse midwives), qualifying patients, and their caregivers to provide qualifying patients with medical cannabis legally under State law via written certification.

A qualifying patient with a written certification can obtain a 30-day supply of medical cannabis, which is defined as 120 grams of usable cannabis.

Possession of marijuana remains illegal under federal law.

### *Firearm – Disqualification*

Under State law, a person may not possess a regulated firearm, a rifle, or a shotgun if the person:

- has been convicted of a disqualifying crime;
- has been convicted of a violation classified as a common law crime and received a term of imprisonment of more than two years;
- is a fugitive from justice;
- is a habitual drunkard;
- *is addicted to a controlled dangerous substance or is a habitual user;*
- suffers from a mental disorder and has a history of violent behavior against the person or another;
- has been found incompetent to stand trial;
- has been found not criminally responsible;
- has been voluntarily admitted for more than 30 consecutive days to a facility that provides treatment or other services for mental disorders;
- has been involuntarily committed to a facility that provides treatment or other services for mental disorders;
- is under the protection of a guardian of the person or property of a disabled person appointed by a court, except for cases in which the appointment of a guardian is solely a result of a physical disability;
- is a respondent against whom a current non *ex parte* civil protective order has been entered in this State or an order for protection has been issued by a court of another state or a Native American tribe and is in effect; or
- if younger than age 30 at the time of possession, has been adjudicated delinquent by a juvenile court for an act that would be a disqualifying crime if committed by an adult.

In addition, a person is prohibited from possessing a regulated firearm, a rifle, or a shotgun if the person was previously convicted of (1) a crime of violence; (2) a violation of specified controlled dangerous substances laws; or (3) an offense under the laws of another state or the United States that would constitute one of these crimes if committed in this State.

Generally, a violator is guilty of a misdemeanor and subject to maximum penalties of five years imprisonment and/or \$10,000 fine.

Under federal law, a person is prohibited from possession of a firearm if the person:

- has been convicted in any court of a crime punishable by imprisonment for a term exceeding one year (this does not include a State offense classified as a misdemeanor that is punishable by a term of imprisonment of less than two years);
- is a fugitive from justice;
- *is an unlawful user of or addicted to any controlled dangerous substance*;
- has been adjudicated as a mental defective or has been committed to a mental institution;
- is an alien that is illegally or unlawfully in the United States, or has been admitted to the United States under a nonimmigrant visa (with exceptions);
- has been dishonorably discharged from the Armed Forces;
- has, as a citizen of the United States, renounced citizenship;
- is, after a hearing, subject to a court order restraining that person from harassing, stalking, or threatening an intimate partner or child; or
- has been convicted in any court of a misdemeanor crime of domestic violence.

On conviction, a prohibited person who possesses a firearm is subject to imprisonment not exceeding 10 years or a \$250,000 fine or both.

### *Handgun Permit*

Generally, with certain exceptions, to be issued a handgun permit by the Secretary of State Police, an applicant (1) must be 18 or older; (2) must not have been convicted of a felony or misdemeanor for which a sentence of imprisonment for more than one year has been imposed or, if convicted, must have been pardoned or been granted relief under federal law; (3) must not have been convicted of a controlled dangerous substance violation and *must not presently be an addict, a habitual user of a controlled dangerous substance*, or an alcoholic; (4) must not exhibit a propensity for violence or instability, which may reasonably render possession of a handgun a danger to the applicant or another; (5) must have successfully completed, prior to application and each renewal, a specified firearms training course approved by the Secretary; (6) if younger than 30, must not have been committed to a facility for juveniles for longer than one year or adjudicated delinquent for

a crime of violence, a felony, or misdemeanor that carries a statutory penalty of more than two years; and (7) must have a good and substantial reason to wear, carry, or transport a handgun. “Good and substantial reason” includes a finding that the permit is necessary as a reasonable precaution against apprehended danger.

**State Expenditures:** The Department of State Police advises that the firearm application, which is now automated, includes a question regarding the use of medical cannabis. The system needs to be reprogrammed as a result of the bill. Accordingly, general fund expenditures increase by at least \$160,000 in fiscal 2023 only for programming changes.

**Additional Comments:** The bill’s changes are inconsistent with provisions of State law and may result in a violation of federal law.
