Analysis

Bill Summary: Specifically, the Department of Natural Resources (DNR) may use the fund to provide a grant or grants to a unit of State government, a local jurisdiction, a

nonprofit entity, or an affiliated foundation established by the Maryland Stadium Authority, if (1) the department has entered into an agreement with the grant recipient for the ongoing operation, use, maintenance, development, or improvement of the grounds and facilities within the special event area at Fair Hill and (2) the grant funds are restricted to the purposes required to be included in the specified grant agreement and the grant recipient's associated administrative costs. Other money credited to the fund from wagering must be used exclusively for the grounds and facilities within the special event area of the Fair Hill Natural Resources Management Area.

Current Law: The Fair Hill Improvement Fund is administered by DNR for the operation, maintenance, development, and improvement of the Fair Hill facilities.

State Fiscal Effect: General fund expenditures may increase by \$1.8 million beginning in fiscal 2024, to the extent funds are appropriated in the annual budget bill. Special fund revenues for the Fair Hill Improvement Fund increase by the same amount; thus, special fund expenditures from the fund for the ongoing operation, use, maintenance, development, and improvements of the grounds and facilities within the special event area of the Fair Hill Natural Resources Management Area increase by up to \$1.8 million a year if funds are appropriated.
