<b>28. Comments</b>
---------------------

As the fire company's growth has risen to meet the demand of providing emergency services here in Carroll County , so has the expenses of operating such. A good portion of our fundraising monies is spent directly back to ensure we have the needed staff /personnel to help answer the rising requests for 911 services. This project of updating the electrical system on the carnival grounds has been discussed for the past several years but the lack of monies to do so has always left it on the back burner. With this grant, we can expand upon our fundraising efforts and create new ones to help offset our continued costs of operating.
