**Analysis**

**Current Law:** PIC was established by Chapter 590 of 2017 as the successor to the Procurement Advisory Council. It has 20 members representing State agencies, local government, the Maryland General Assembly, minority-owned businesses, and the general public, and is chaired by the Chief Procurement Officer for the State. Statute assigns numerous responsibilities to PIC, among them ensuring that the State's procurement system is utilizing the most advanced procurement methods and management techniques as well as advising and making recommendations to the Board of Public Works and the General Assembly on improving the State's procurement process. PIC must meet at least quarterly each year.
