**11. Description and Purpose of Project** (Limit length to visible area)

B'More Clubhouse is seeking support for the construction of an elevator at our facility located at 831 North Calvert Street. To be able to best serve our existing community and the thousands of members who will pass through BMore Clubhouse in future years, it is essential that we construct an elevator to provide full access to the array of programming that takes place in our two story, 5,500 square foot facility. We have several active members currently who attend on a regular basis who face mobility issues and have difficulty accessing the second floor, where our Communications and Career Development programs are operated, as well as where our Conference Room is located, where we host key meetings. The elevator will provide improved accessibility to our Clubhouse for our members, staff, and visitors and will improve the overall safety and functionality of our building.
