Broadband Infrastructure Build-out Progress: The committees are interested in understanding the progress made by the Department of Housing and Community Development (DHCD) toward expanding broadband infrastructure in the State. To this end, the committees request that DHCD submit a report on the build-out of broadband infrastructure, including:

- the funds awarded and expended to date, including a breakdown of awards by jurisdiction;
- the funds that remain available;
- any funding leveraged through State and federal funds awarded by DHCD;
- a list of the Internet service providers that have received funding; and
- an analysis of the progress toward meeting the goals outlined in Chapter 74 of 2021 for ensuring connectivity to universal, affordable, and reliable broadband.
