October 5, 2022	<p>Emergency Regulations DLS Control No. 22-404 Maryland Department of Health: Health Services Cost Review Commission: Rate Application and Approval Procedures: COMAR 10.37.10.03 and .05</p> <p>The purpose of the emergency action is to: (1) Establish a moratorium on filing full rate applications until the data used to evaluate a full rate application has no longer been substantially affected by the COVID pandemic. During the</p>

	<p>moratorium, hospitals will be able to avail themselves of other administrative remedies available under commission law, regulation, or policy. The moratorium will not extend beyond June 30, 2023. (2) Update the standard for a temporarily approved rate to be used by the commission in 10.37.10.05 The emergency action is being requested because obtaining reliable data not substantially affected by the COVID pandemic will enable the successful implementation of commission-approved rate setting methodologies. Changes to 10.37.10.05 are being requested because the current standard for the temporarily approved rate is based on methodologies that no longer exist or no are longer applied.</p>		
<p>August 29, 2022</p>	<p>Emergency Regulation DLS Control No. 22-397 Board of Elections: Absentee Ballots: Canvass of Ballots – Procedures: COMAR 33.11.04.04</p> <p>Emergency status is requested in order for the proposed changes to be in effect in time for the 2022 General Election. The proposed changes remove the requirement that the local boards hold back ballots for the final canvass and means that the local boards can count more ballots in the first canvass of mail-in ballots. With the large increase in the number of mail-in ballots, the secrecy of mail-in ballots is preserved due to the large increase in the number of mail-in ballots.</p>		<p>Emergency status approved beginning September 21, 2022 and expiring December 31, 2022.</p>

August 5, 2022	<p>Emergency Regulations DLS Control No. 22-388 Department of Agriculture: Office of the Secretary: Hemp Farming Program: COMAR 15.01.17.02, 08, 10 through 13, and 15</p> <p>The Maryland Department of Agriculture (MDA) is requesting emergency status so that the benefits it provides to licensed hemp growers will take effect before they begin harvesting the hemp crop in September 2022. The action provides growers a larger harvest window, increasing the grower's time to complete the harvest from 15 days to 30 days before the Department or an authorized agent is required to collect a new sample of a lot for testing. This change will result in less testing and less downtime for the grower at harvest-time. While growers still must submit planting reports and annual production reports, the proposed action eliminates the requirement to submit a pre-harvest report and a post-harvest report. This change, like the previous change will put licensed hemp growers in this State on an even playing field with growers in surrounding states. This action has been approved by USDA. Later this month, MDA anticipates that it will be submitting a Proposed Action to incorporate these changes (and other changes, deemed less urgent, that likewise have been approved by USDA).</p>		Emergency status approved beginning October 4, 2022 and expiring March 15, 2023.
August 8, 2022	<p>Emergency Regulations DLS Control No. 22-387 Maryland Department of Health:</p>	N/A	Emergency status beginning September 22, 2022 and expiring March 20, 2023.

	<p>Board of Nursing - Certified Nursing Assistants: Certification of Nursing Assistants: COMAR 10.39.01.01, .04, .05, and .09</p> <p>The purpose of this emergency action is to authorize temporary nurse aides (TNA) who worked during the coronavirus pandemic under the Centers for Medicare & Medicaid Services (CMS) 1135 blanket waiver to apply on-the-job experience as a nurse aide toward the total number of training hours required for certification as a geriatric nursing assistant (GNA). There are currently 2,000–3,000 TNAs working in the state of Maryland. It is essential for long-term care facilities to retain adequate direct-entry staffing levels to address Maryland’s chronic and aging population needs. This emergency action is being introduced in response to the expiration of the Centers for Medicare & Medicaid Services (CMS) 1135 blanket waiver on June 6, 2022.</p>

June 30, 2022	<p>Emergency Regulation DLS Control No. 22-346 Department of the Environment: Regulation of Water Supply, Sewage Disposal, and Solid Waste: On-site Wastewater Property Transfer Inspection License: COMAR 26.04.12.01</p> <p>An Emergency Action is necessary to create a new Chapter codified as 26.04.12.01 – On-site Wastewater Property Transfer Inspection License and to update and make COMAR regulations consistent with legislation added by Acts 2021, C. 444, § 1, eff. Oct. 1, 2021; Acts 2021, C. 445, § 1, eff. Oct. 1, 2021, which modified MD Code; § 9-217.2 of the Environment Article, § 9-217.2. of the MD Environment After July 1, 2022, individuals may not inspect on-site sewage disposal systems unless they hold a valid on-site wastewater property transfer inspection license issued by the department. These individuals are inspecting the systems to ensure they are functioning properly and not negatively impacting public health or the environment. If they are not able to obtain the licenses effective July 1, these inspections may have to cease until the regulations are formally adopted. Failing septic systems may go undetected during this time period. Additionally, without licensed inspectors to inspect and certify the system, some real estate transactions may not proceed in a timely manner.</p>	N/A	Emergency status approved August 24, 2022, and expiring February 20, 2023.

	<p>Police Training and Standards Commission (MPTSC) has been in the development stage of the new regulations, the 2022 General Assembly passed several amendments (SB 763) that had a significant impact on the existing legislation. The MPTSC had to reconvene and work through regulations that had previously been drafted under the original HB 670 language, and modify the draft regulations to meet the requirements of the newly passed SB 763 amendments. The Office of Attorney General reviewed the final document for legal sufficiency and returned the document with several highlighted areas that had to be changed in order to satisfy legal sufficiency. The MPTSC met several times over the past few several weeks to complete the document. Attorney General Frosh assisted the commission with understanding the legal opinion so the document could be finalized on June 13, 2022. Emergency filing is necessary in order to meet the effective date of the legislation and provide guidance to local governing bodies as they develop their new boards and committees.</p>
