RE: Letter of Support for SB31/HB 546

Dear Delegate Carey,

The week before last, I testified in support of SB31. I will be testifying today to do the same for HB546. The Board of Trustees of Anne Arundel Community College authorized me as Chair, to speak in favor of Prospectively providing for term limits for Trustees. We had a quorum for the vote, and only one vote against the support of the Bill. The two Trustees that were not in attendance, later stated that they also support the Legislation.

At the same time, we also support that Trustees must reside in Anne Arundel County. This will be in concert with recommendations by The Middle States Commission on Higher Education, on previous Accreditation visits. The Board of Trustees believe that this is just good Governance.

Regards,

Lawrence W Ulvila, Jr
