

Jim Dunbar Letter of Support for SB432

I am one of your constituents in Charles Co. District 28, address 9990 Harmony farm Pl. LA Plata. You may recall that my late wife Connie Dunbar worked with you as a community activist with S.M.A.S.H. (Southern Maryland Area Self Help) and S.T.A.N.D. (Stop the Airport Now Delegation)

I am contacting you to urge you to give your support to the above mentioned bill, that has the unanimous approval of the County Commissioners and recommendation of the Charles county economic development Dpt. and the Planning and growth Mgt. dpt. the bill will benefit the entire community. Like legislation is already in effect in the bordering counties of Prince George and St.Marys.

As a part time farmer myself I believe the bill will help to preserve family farms and forest land that protects our water and air quality, which in turn makes Charles County a desirable place to live.
