

MD legislator - I ask you to please OPPOSE and Vote NO on the following...

HB910 / SB958

HB1257 / SB816

These will do nothing to stop criminals and will criminalize what is currently lawful activity. It will drive business from our state, force shop owners to close businesses or move out of state, and will do nothing to stop criminals from engaging in what is already a criminal activity. Buying and selling stolen guns to prohibited individuals is already a crime.

These bills will not help Maryland.

These bills will harm Maryland families.

These bills should be stopped.
