

Support HB1241

Retail Firearm Business Protection Act

Art Novotny
3/4/2020

With all the concern about gun store robberies expressed in making a case for HB1257 (The Firearms Dealer Safety Act), it just makes sense to get the police involved in working towards the common goal of keeping guns out of illegal hands.

HB1257 puts tremendous pressure on the gun stores themselves. Why not have the police help out, too? A lurking patrol car is a much more palpable deterrent than any number of cameras and locks.
