House Bill 16

Sales and Use Tax – Aircraft Parts and Equipment - Exemption

- ***Why is the Bill being introduced?***

HB 16 brings Maryland forward to a level playing field with regional states who all compete for repairs and maintenance services in the small craft airline industry.

- ***What does the Bill do?***

This bill will provide for a tax exemption on aircraft parts. As amended from prior introductions, HB16 includes a sunset provision, a reporting requirement by the Comptroller, and will only apply to noncommercial aircraft.

- ***Why is it important to pass now?***

This relief is sorely needed by small regional airports in Maryland who are at a competitive disadvantage. With this bill's passage, immediate benefits will include business expansion and relocation in Maryland. This will translate into additional jobs and corporate tax revenue.
