BILL: HB0033
TITLE: Climate Crisis and Education Act
POSITION: SUPPORT
HEARING DATE: 2/18/2021
COMMITTEE: Economic Matters
SPONSOR: Delegate David Fraser-Hidalgo

I'm writing in favorable support of HB33. Due to our current climate crisis it is imperative that we take bold, swift action. We needed environmental protections yesterday, last year, last decade. We cannot wait any longer. Our future depends on a fossil-fuel free one. Greenhouse gas emissions need to be halted and forbidden and your support on this bill gives Maryland an opportunity to reduce greenhouse gas emission while supporting the state's economic development and lifting its residents.

For these reasons and more, I Stephanie Compton urge a FAVORABLE REPORT on HB0033/SB0076.

Respectfully submitted,

Stephanie Compton
