

Dear members of the Economic Committee,

I'm writing to strongly urge you to vote in favor of HB 1171. During these extremely challenging times, employers should not have the added stress of requiring employees to be vaccinated. Furthermore, employees should not be discriminated against for their choice regarding these EMERGENCY USE ONLY vaccinations. Let hurting businesses and focus on making it thru the Covid crisis the way they feel is best without the worry of having to make tough medical decisions for their employees. Thank you for your time and attention to this matter.

Sincerely,
