**Bill Number:** House Bill 28 - Implicit Bias Training and the Office of Minority Health and Health Disparities  
**Hearing Date:** January 26, 2021  
**Position:** Support

---

Planned Parenthood of Maryland supports *House Bill 28 – Implicit Bias Training and the Office of Minority Health and Health Disparities*. Planned Parenthood of Maryland’s mission is to support equity for all Marylanders. We support health policies that focus on Black and brown communities, as institutional racism has had an enduring negative impact on health outcomes. As part of our legislative advocacy, we support the legislative package that includes the following critical bills :

- **House Bill 28 – Implicit Bias Training and the Office of Minority Health and Health Disparities:** Implicit bias profoundly affects the delivery of health care services. We support the bill’s goal on ensuring all health care practitioners complete implicit bias training. We also support the bill’s focus on ensuring the State invests resources into the Office of Minority Health and Health Disparities;
- **House Bill 78 – Maryland Commission on Health Equity (The Shirley Nathan-Pulliam Health Equity Act of 2021):** In honor of former State Senator Shirley Nathan-Pulliam, this bill creates a commission that focuses State agencies on addressing social determinants of health including affordable housing, stable employment, and sufficient transportation options; and
- **House Bill 309 – Public Health – Data – Race and Ethnicity Information:** This bill enhances capacity of the Office of Minority Health and Health Disparities to collect and disseminate data relevant to evaluate and guide policy decisions to address health inequities.

Thank you for your consideration of our testimony, and we urge a favorable vote. If we can provide any further information, please contact Robyn Elliott at [relliott@policypartners.net](mailto:relliott@policypartners.net) or (443) 926-3443.
