Committee: House Health and Governmental Affairs Committee

Bill Number: Senate Bill 52 – Maryland Commission on Health Equity (The Shirley Nathan-Pulliam Health Equity Act of 2011)

Hearing Date: March 23, 2021

Position: Support

The Maryland Dental Action Coalition (MDAC) supports *Senate Bill 52 – Maryland Commission on Health Equity (The Shirley Nathan-Pulliam Health Equity Act)*. MDAC strongly supports prioritizing health equity issues, as there is stark evidence of the impact of inequities in oral health. For example, the rate of untreated tooth decay among children age 2 to 9 points to wide gaps for Black and brown communities: 67.9% for non-Hispanic Black children, 70.5% for Mexican American children, and 57.2 % for non-Hispanic white children.ⁱ This statistic demonstrates why MDAC supports the following legislative package:

- **Senate Bill 52 – Maryland Commission on Health Equity (The Shirley Nathan-Pulliam Health Equity Act of 2021):** The bill supports the State’s efforts to address social determinants of health. Almost all State agencies would have seats on the Maryland Commission on Health Equity. The Commission would create a mechanism to infuse policies in all arenas, from transportation to housing, with a health equity perspective;
- **Senate Bill 5 – Implicit Bias Training and the Office of Minority Health and Health Equity:** The bill requires all health care practitioners, including dental providers, to receive implicit bias training. Implicit bias training is an important strategy in addressing systemic racism in our health care system. The bill also requires the State to make an investment in addressing health equity by mandating funding for the Office of Minority Health and Health Disparities; and
- **Senate Bill 565 – Public Health – Data – Race and Ethnicity Information:** This bill enhances capacity of the Office of Minority Health and Health Disparities to collect and disseminate data relevant to evaluate and guide policy decisions to address health inequities.

Optimal Oral Health for All Marylanders
