

SUPPORT FOR HB 17

Amanda Vogtman
Annapolis, Maryland

Chair Pendergrass and HGO Committee members,

My mental health has suffered due to lock down and mask mandates. My child has not been able to play with other kids and at such a young age, it is incredibly detrimental to her social development. I have had the police called on me while grocery shopping for not wearing a mask when I am medically exempt. I am struggling to find childcare for my child due to mandates and vaccine requirements.

Respectfully,
Amanda Vogtman
