BILL: HOUSE BILL 183

POSITION: LETTER OF INFORMATION

EXPLANATION: This bill will require the Department adopt a policy of proactive disclosure of public records that are available for inspection under General Provisions Article, include publication of public records on the website or publication of prior responses to requests for inspection, and publish an annual report with regards to the number and description of requests. In addition, the bill expands the membership of the Public Information Act Compliance Board.

COMMENTS:

- Given the span of the agency's responsibilities, and significant number of offenders under its care, custody, and control, the Department receives hundreds of Public Information Act (PIA) requests annually.
- The Department's Division of Correction (DOC) operates approximately 17 State correctional facilities that house offenders sentenced to incarceration for 18 months and longer. The Department also runs the Baltimore City Pretrial Complex which houses pretrial detainees and inmates sentenced to incarceration for 18 months and less. Between the DOC and DPDS, the Department is responsible for an average daily population of approximately 21,000 incarcerated offenders.
- All public records are covered by the PIA. The term "public record" is defined in General Provisions § 4-101(j) and includes not only written material but also photographs, photostats, films, microfilms, recordings, tapes, computerized records, maps, drawings, and any copy of a public record.
- This bill enhances the responsibilities of the Custodian and, as such, the Custodian will be required to act more quickly on PIA requests. Additional staff, including legal personnel will be required in order to comply with the provision of the bill.
- In addition, HB 183 requires the Department track information for annual reporting. The current tracking system does not have the capability to capture the data required under the bill. As such, significant enhancements

to the tracking system would be required at a substantial cost to the Department.

- HB 183 is overly burdensome and the Department is not staffed to meet the requirements.

CONCLUSION: For these reasons, the Department of Public Safety and Correctional Services respectfully requests the Committee consider this information as it deliberates House Bill 183.
