United States of America – District of Columbia – Statehood - OPPOSE

Honorable Gabriel Acevero, Honorable Marvin E. Holmes, Honorable Anne Healey

Please accept this written testimony as OPPOSITION for HJ0005. Making DC a state will not serve our country for the better. Washington, D.C. was set up as a separate enclave by our founding fathers to be a neutral meeting ground for YOU, our representatives, and that is how it must stay. You are treading on a very slippery slope by undermining our Constitution.

Thank you for your service. Please do a good and honest job while under our employ.

Sincerely,
Yvette Severn
