

UNfavorable HB0139

Vince McAvoy po box 41075 baltimore md

Effective take downs are the answer to use-of-force issues, resisting arrest issues & community policing.

Delaying take downs & cuffing causes danger in the community to all involved.

These arrests should have been effectuated in less than 30 seconds.

There are experts (we all know some) who can aid in instruction; a majority of efforts should be directed to making this happen now.
