

POSITION STATEMENT

TESTIMONY PRESENTED TO THE HOUSE APPROPRIATIONS COMMITTEE

HOUSE BILL 598 – HIGHER EDUCATION - TRANSFER PLATFORM –
ESTABLISHED (TRANSFER WITH SUCCESS ACT 2.0)

Sponsor – Delegate Solomon

February 22, 2022

DONALD C. FRY
PRESIDENT & CEO

GREATER BALTIMORE COMMITTEE

Position: Support

House Bill 598 requires the Maryland Higher Education Commission (MHEC) to establish a transfer platform to facilitate the transfer of students from community colleges to 4-year institutions of higher education, and requires the Governor to include an annual appropriation of \$1 million in the state budget to support the operation of the platform beginning with fiscal year 2024.

All community colleges and 4-year institutions of higher education that receive State funds would be required to participate in the transfer platform. The platform will aid students and advisors in understanding what courses will transfer to another institution, and will facilitate the process of transferring credit.

As more courses have moved online, and students are delaying their enrollment in a four-year university, there is an increased need for students and advisors to understand how courses will transfer to other schools. Both Montana and Idaho have adopted platforms that streamline the transfer process and allow students to access an individual dashboard for tracking their progress towards a credential or degree, which benefits students, institutions, and future employers.

Creating and nurturing a strong workforce is one of the Greater Baltimore Committee's most important priorities. Without a strong workforce, Maryland's economy cannot innovate, grow, and create jobs. The GBC's Preparing for the Future: A Regional Workforce Development Initiative was created to ensure that the region's high-growth industries have a pipeline of highly skilled workers who can contribute to future economic growth. A report was released in late 2020 outlining recommendations to meet the workforce needs. Since the report's issuance, the GBC has continued to regularly convene a diverse network of stakeholders to assist in implementation of the recommendations.

A number of the recommendations in the Preparing for the Future report involve increased coordination among those providing training for various credentials for family-supporting wage jobs. Providing a transfer platform will help students and advisors visualize the path to degree or credential, and will be a valuable tool for students, educational institutions, and future employers.

In addition to its alignment with the GBC Preparing for the Future Report, House Bill 598 is consistent with one of the core pillars for a competitive business environment and job growth in the GBC report *Gaining a Competitive Edge: Keys to Economic Growth and Job Creation in Maryland*.

Workforce that is highly-educated and meets Maryland's business needs. Maryland's secondary and higher education institutions must offer access to quality instruction at all levels and cultivate a workforce that is well-suited to a modern economy and to the specific needs of Maryland's business sectors.

For these reasons, the Greater Baltimore Committee urges a favorable report on House Bill 598.

The Greater Baltimore Committee (GBC) is a non-partisan, independent, regional business advocacy organization comprised of hundreds of businesses -- large, medium and small -- educational institutions, nonprofit organizations and foundations located in Anne Arundel, Baltimore, Carroll, Harford, and Howard counties as well as Baltimore City. The GBC is a 67-year-old, private-sector membership organization with a rich legacy of working with government to find solutions to problems that negatively affect our competitiveness and viability.
