**Re: SB 230 – Health Occupations - Service Members, Veterans, and Military Spouses –
Temporary Licensure, Certification, Registration, and Permitting - Letter of Concern**

Dear Chair Pinsky and Committee Members:

The Maryland State Board of Dental Examiners is submitting this letter of concern for Senate Bill (SB) 230 - Health Occupations - Service Members, Veterans, and Military Spouses - Temporary Licensure, Certification, Registration, and Permitting. The bill requires all health occupations boards, including the Dental Board, to issue a 6-month expedited temporary license, certificate, or registration to a service member, veteran, or military spouse who has applied for a full Maryland license, if the applicant has been licensed and in good standing in another state for at least one year. In addition, the bill allows a health occupations board to issue a 6-month expedited temporary license to a service member, veteran, or military spouse who has applied for a full Maryland license, and who has been licensed in another state for a period less than one year.

Under the present law, and for a number of years, the Dental Board has expedited the applications for licensure for all service members, veterans, and military spouses. In addition, each applicant has an advisor to assist with the application process. If the applicant does not meet the requirements for licensure the advisor assists the service member, veteran, or military spouse in identifying programs that offer the appropriate education or experience. The Board takes all reasonable steps to help servicemen and women and their spouses. Notwithstanding, the Board has concerns with the bill.

In Maryland, a graduate of an accredited dental school may receive a license if he or she has passed the American Dental Licensing Examination or the American Dental Hygiene Examination, both administered by the American Board of Dental Examiners, Inc. (“ADEX”). Those examinations are considered the “Gold Standard” of examinations. The examinations are offered and accepted in 48 states and are taken by the great majority of dentists and dental hygienists seeking licensure, regardless of where they were initially licensed. (New York does not require an examination for dental licensure, and Delaware requires the passage of its own examination). If a candidate passed the ADEX examination in another state, the passing score is accepted by the Board for licensure in Maryland. Therefore, there should be no obstacles for

those seeking dental or dental hygiene licensure in the State, and no real need for the issuance of a temporary license.

In addition, there are states that pose a concern. In New York a candidate may receive a dental license without having taken a clinical examination, and in Delaware candidates for a dental license must take a state administered examination. Both situations raise clinical concerns. The Board does not believe that it is in the public interest to allow dentists who have not completed a rigorous clinical examination as part of the application process to practice while their application for a full license is pending, even for a period of 6 months.

Under the existing law, a dentist who has not passed the ADEX examination may be issued a full Maryland license if they have practiced dentistry in another state for at least 5 years and if they have passed an examination with a clinical component as a requirement for licensure in another state. It is the Board's belief that if a dentist has not passed the ADEX examination he or she should have the required 5 years of practice experience before they are allowed to practice dentistry in Maryland. Harm could be done to the citizens of Maryland during the temporary license period.

Additionally, the Board notes that the applicant may not attempt in earnest to complete the requirements for full licensure, may continue to request continuances for the temporary license, or simply practice without a license once the 6-month temporary license expires.

For these reasons, the Dental Board requests that SB 230 receive an unfavorable report.

I hope that this information is helpful. If you would like to discuss this further, please contact me at 240-498-8159, asverma93@gmail.com, or Dr. Edwin Morris, the Board's Legislative Committee Chair at 410-218-4203. In addition, the Board's Executive Director, Mr. Frank McLaughlin may be reached at 443-878-5253, frank.mclaughlin@maryland.gov.

The opinion of the Maryland State Board of Dental Examiners expressed in this letter of concern does not necessarily reflect that of the Department of Health or the administration.

Sincerely,

A handwritten signature in black ink, appearing to read 'Arpana S. Verma', with a long horizontal flourish extending to the right.

Arpana S. Verma, D.D.S.
Board President
