Dear Committee Chair, the Honorable Senator Paul Pinsky, and EHEA Committee Members,

Senators, I'm James McQueen Sr, Born & Raised in Md. I'm SoMD Regional Captain for the Convention of States, speaking for our regions 3154 supporters.

How did we end up here?

The Constitution of the United States sole function was to define the exercise of government & limit governmental powers.

History has shown government bureaucracy adds burdens and limitations on the people.

Today the amended Constitution of the United States is 3,000 +pages. Civil servants, civil authorities do not pledge to a government - but principles of our Constitution.

How can anyone pledge an oath and truly understand everything in a 3,000+ page book?

What does your oath mean to you?

We escaped Great Britain's Ruling Class due to the tyranny, overreach and religious persecution, and founded this United States of America based on the tenants of freedom from Government Rule.

The Rich Elites are killing our free society with malice controlling everything in our culture and Government bureaucracy.

Today many see the American Flag feel the owner could be a terrorist, extremists not a Proud Patriot.

Don't silence 28,000+ Maryland Patriots that are counting on you to hear their fear, their grief and hope, Please shuck the bureaucracy so our Nation can turn from its path of destruction.

Why can't you / we stand up for the principles of our Constitution.

Vote for SJ8 to move out of Committee and onto the floor for honest debate. Article 5 is our founders answer to living in tyranny.

Thank You for your time.

Sincerely,  
James McQueen Sr
