Re: SB 322 Gas Price Gouging Act
Unfavorable

The service station industry is highly regulated when it comes to price requirements and pump inspections to ensure that customers get the gasoline they pay for. Many would agree that gasoline sales are one of the most competitive products sold. Our price is required to be posted on the street.

Over the years, signs have changed, and pumps have changed, and technology continues to evolve. Also, the means in which consumers pay has changed and that is continuing to evolve as well.

This bill will come at a cost to small business owners to address a problem that is really very limited in the scope of magnitude of transactions.

(Additionally, the title of the bill is not a fair reflection of the content of the legislation.)

Feeding and fueling the economy through gas, coffee, food, heating oil and propane.

MAPDA is an association of convenience stores and energy distributors in Maryland, Delaware & the District of Columbia.
