

Testimony for House Bill 1376 Labor and Employment - COVID-19 Vaccinations - Exemption Process (No Jobs for Jobs)

Testimony: Favorable

Date: 3/10/2022

Name: Jason Dutrow Jr

To: Committee

My name is Jason Dutrow and I am for this bill. It's unconstitutional to even demand such vaccines yet alone wrongful to require vaccines. It's in our own rights to be able to choose to get vaccinated or to choose against it. We have rights, it would be an embarrassment to our government to allow such mandatory and wrong to the civilians because we have rights.

My name is Jason Dutrow and I am for this bill!
