

While I support this bill in that it does restricts abortion and especially because it protects children in our public schools from being manipulated or coerced into procuring an abortion, I do not support the following section for this bill as I think these items should also be included in "Prohibited Human Research".

13 (II) "PROHIBITED HUMAN RESEARCH" DOES NOT INCLUDE:

14 1. IN VITRO FERTILIZATION AND ACCOMPANYING
15 EMBRYO TRANSFER TO A WOMAN'S BODY.
16 2. RESEARCH IN THE USE OF NUCLEAR TRANSFER OR
17 OTHER CLONING TECHNIQUES TO PRODUCE MOLECULES,
18 DEOXYRIBONUCLEIC
19 ACID, OR CELLS OTHER THAN HUMAN EMBRYOS, TISSUES, ORGANS,
20 PLANTS, OR
21 ANIMALS OTHER THAN HUMANS; OR
22 3. ANY DIAGNOSTIC PROCEDURE THAT BENEFITS THE
23 HUMAN SUBJECT OF SUCH TESTS.
