ISSUE: Support for House Bill 1213

**The Maryland General Assembly
Legislative Services Building
90 State Circle
Annapolis, Maryland 21401**

Good Afternoon Delegates Metzgar and McComas,

We, Winning Strategies: Fatherhood, The Courts & Custody, support the bill you are sponsoring House Bill 1213.

House Bill 1213 is the step needed to give father the leverage needed to receive fairness when it comes to children we help to create. We, the fathers who have been alienated, desires to spend time with our children during visits and overnights and this bill is a start for that to happen. With this workgroup negative trends will be shown about how fathers are not receiving the time with the children they love and helped to create.

We look forward to giving oral testimony as well on March 7th at 2pm on this important issue.

Sincerely,

The Winning Strategies Team
