Testimony on Senate Bill 241
Behavioral Health Crisis Response Services - 9-8-8 Trust Fund
House Health and Government Operations Committee

Position: Favorable

Senate Bill 241 is the same as House Bill 293, and is in the same posture as that bill was passed by the House of Delegates.

Maryland Nonprofits is a statewide association of more than 1300 nonprofit organizations and institutions. As a member of the Behavioral Health Coalition we urge you to support Senate Bill 241 to designate **988** to be the phone number for Maryland's suicide prevention and behavioral health crisis hotline and establish a sustainable funding source to support existing behavioral health crisis call centers in Maryland.

Congress designated 988 as the new phone number the National Suicide Prevention Lifeline. In July 2022, 988 will go live. Beginning then, all phone companies will route 988 calls to local crisis call centers that are part of the Lifeline network. The local crisis call centers provide 24/7 free, confidential emotional support to people calling for help. It is expected that calls to the Lifeline will significantly increase when the new number goes live and Maryland needs to ensure that its existing eight local call centers are adequately resourced to support this influx of calls for help.

Maryland has the unique opportunity to align with national efforts to improve access to crisis care by designating 988 as the number for our state's behavioral health crisis hotline and ensuring adequate funding to support local crisis call centers.

We urge you to give Senate Bill 241 a **favorable report**.
