

I support this bill for the following reasons.

- Requiring the vaccine as a condition of receiving services from a public or private entity is discriminatory against Black and Brown individuals
- A study of 10 million finds no evidence of asymptomatic spread
- <https://principia-scientific.com/study-of-ten-million-finds-no-evidence-of-asymptomatic-covid-spread/>

- There is [increasing scientific evidence](#) that prior infection and recovery from Covid-19 confers robust, lasting protection against *both* infection and disease which is more effective than vaccine protection against disease

- <https://www.nih.gov/news-events/nih-research-matters/lasting-immunity-found-after-recovery-covid-19>

[Lasting
immunity

after
recovery
from
COVID-
19](#)

The immune systems of more than 95% of people who recovered from COVID-19 had durable memories of the virus up to eight months after infection.

Please listen to our concerns and protect our freedoms. Scientific evidence shows the vaccines should not be required for all individuals in order to enjoy their freedoms and receive services from public and private entities.

Thank you,

Sincerely

H. O'Brien
