

**HB1376** : Maryland Labor and Employment – COVID-19 Vaccinations – Exemptions Process

## **SUPPORT**

Dear Members of the Health and Government Operations Committee and Economic Matter Committee,

I am writing today in support of HB1376 which allows residents of Maryland to keep their positions and have a choice in their private medical decisions. If an employer decides to have a vaccination policy the employer should offer exemptions.

I asked everyone to kindly support medical freedom.

Thank you,

Lauren Daigle
