OPPOSE

Once again, We the People are being lied to. The so-called government of Ukraine was installed by Obama/Biden, and Ukraine is the site of drug and human trafficking, bioweapons manufacture, and other illicit activities – just ask Hunter Biden (and Pelosi’s, Romney’s, and Kerry’s sons!) Sadly, the people of Ukraine are suffering at the hands of the installed Obama/Biden regime, and we should not subsidize that regime’s war against the Ukrainian people and Russia. Why does this bill say “unprovoked invasion” by Russia?! Would we tolerate an enemy building bioweapons labs on our border? We are tired of being lied to. Who were Lindsay Graham, McCain and Klobuchar visiting in Ukraine in 2016??? <https://www.onenewspage.com/video/20220306/14461277/Lindsey-Graham-John-McCain-visiting-AZOV-NAZI-Battalion.htm> The bottom line is, why are you pushing us to worry about Ukraine? We have enough problems in our own country! Diverting attention to Ukraine is nothing but a Wag the Dog manuever. Please oppose HJ0008.

Sincerely,
