Annapolis, MD. 21401

In Support of HB 466: Income Tax – Personal Exemption – Disabled Individuals

Members of the Maryland House of Delegates, Ways and Means Committee.

We are an organization of military and non-military families with over 1400 members and fully support revising the state sales tax code in order to offer a little more support for Maryland's disabled community.

Sales tax may not seem like a help to working families, the list of expenses individuals and families of folks with disabilities never ends. This \$1,000 tax credit is a big step in the right direction to help those families offset some of the massive costs of daily life, healthcare costs and the costs of medical and assistive devices.

So many individuals and their families are still hurting financially from the past 2 years of health and economic hardships, we all can use a helping hand during these trying times. We hope that the MGA will also work on other constructive ways of supporting working families moving forward. This one is many steps needed to support our varied communities of PAC members.

The future of Maryland's economy lies with the workers that we need to be supporting now and into the future. Let's support them now when they need it the most.

Please support House Bill 466 and return a favorable report. Thank you for your time, and for considering our testimony today.
