

SJ0003-UNFAVORABLE.

Dear EEE committee,

Please give this resolution UNFAVORABLE vote -

Partnership With Taiwan – Reaffirmation

In 2022 bill SJ0011 sailed through the Maryland General Assembly. A year later we have given Ukraine over one hundred billion dollars of money the US is printing. And now President Zelenski thinks our American sons and daughters should fight in this war. Are you willing to send your sons and daughters to war in Ukraine or Taiwan?

There is no reason for this Joint resolution.

We must stay focused on Maryland.
